CONFIDENTIAL

16. [] Met with Carol Weeks, on the staff of the Senate Select Committee To Study Governmental Operations With Respect to Intelligence Activities, and received from her copies of the Director's testimony of 15 and 16 July 1975.

17. [] Returned the retyped transcript and the original transcript to Michael Cavanagh, staff of the House Post Office and Civil Service Subcommittee on Postal Facilities, Mail and Labor Management. This was done by [] I also called Mr. Cavanagh and told him that Mr. George Gould's, also of the Subcommittee staff, request for a follow-up of information on mail insertions will follow as soon as I get all the facts. I explained that most of the information has been retained and in at least one instance we cannot find any additional information.

18. [] Jeremy Frey, House Science and Technology Committee staff, called. Explaining that the Committee staff was drafting legislation, he asked what statutory authority placed the Agency in the Executive Office of the President. I explained that the Agency was created "under" the National Security Council by Section 102 of the National Security Act of 1947, and that the National Security Council, in turn, is in the Executive Office of the President. I left open the question whether we are, in fact, part of the Executive Office of the President.

19. [] Called Hilda Schreiber, Office of Management and Budget, to discuss the background of H. R. 3650, a bill on rehiring of Federal annuitants which had passed the House and was sent to the Senate the previous day.

20. [] Called Charles Snodgrass, House Appropriations Committee staff, and confirmed with him that he is still in need of two safes which we will provide. Snodgrass said due to pressing business his move to the Rayburn building has been delayed and as a result they will not need the safes until after 1 August. He will call us when they are ready. Mike Malanick, D/OL, was advised.

21. [] Received a call from Susan Laird, in the office of Representative James J. Blanchard (D., Mich.), who requested a copy of "Potential Implications of Trends in World Population, Food Production, and Climate" for the Congressman. A copy was sent to her attention today.

CONFIDENTIAL

15. [redacted] Received a call from Ethan Stone, in the office of Representative Michael Harrington (D., Mass.). Stone said the office had an inquiry from a constituent regarding the organizational structure of the Agency and Stone wanted whatever information we could provide on the subject. I told him that the information was classified except for the very top levels of the Agency, which I explained to him.

16. [redacted] Called Sally Shelton, on the staff of Senator Lloyd Bentsen (D., Tex.), who asked about a wire service item which indicated that the Senator had stated that the Agency provided him with information concerning Soviet financial assistance to the Communist Party of Portugal. I told her that it had been clear from our earlier conversation that the Agency had only press reports relating to this information. She acknowledged that this was our understanding and said that State had told her the same thing. Senator Bentsen, in his statement, had apparently referred to press reports and allegations but the news reports did not report his statements accurately. In conclusion, I pointed out to her the difficulty that these kinds of inaccuracies impose upon the Agency.

17. [redacted] Picked up from Michael Cavanagh, staff of the House Post Office and Civil Service Subcommittee on Postal Facilities, Mail and Labor Management, the testimony before his Committee for retyping of the transcript.

18. [redacted] Delivered a letter to Senator Frank Church's (D., Idaho) office at the Senate Select Committee on Intelligence Operations.

19. [redacted] Received a call from Page Penutson, in the office of Senator Warren G. Magnuson (D., Wash.), who inquired as to the procedures one would follow in submitting a request to the Agency under the Freedom of Information Act. I gave her the name and address of the Agency's FOI Coordinator.

20. [redacted] Al Tarabochia, Chief Investigator, Senate Judiciary Subcommittee on Internal Security, called and inquired as to the status of his request for any Agency information concerning [redacted]. I told him that certain additional information was being compiled and he should be receiving it shortly. [redacted] EA Division, was advised.

21. [redacted] Elly Vogtmann, Senate Foreign Relations Committee staff, called and said the ~~Senate Select Committee~~ has asked the Foreign Relations Committee for the following CIA transcripts: 12 March 1974 and 26 November 1973 of Mr. Colby's testimony, and 26 February 1969, 23 April 1969 and 23 June 1969 of Mr. Helms' testimony. She asked if we would prefer to send these directly to the Select Committee or to her for transmittal. I told her we would send them to her tomorrow.

22. [redacted] Accompanied [redacted] [redacted] OCI, to an informal briefing of the House Merchant Marine and Fisheries Subcommittee on Panama in the office of Chairman Ralph H. Metcalfe (D., Ill.). The briefing went well despite the fact that most of the members of the Subcommittee were very irritated with the Administration's position on the Panama Canal treaty issue. (See Memo for the Record).

23. [redacted] Jim Smith, Senate Armed Services Committee staff, called and asked if they could have a sanitized version of the letter sent to the Chairman on the subject of [redacted] I told him we would have it up to him later today (and it was sent).

24. [redacted] NIO/SEA, called to alert me to a call he had received from Mr. Michael Oppenheimer, GAO, regarding an inquiry GAO is making at the request of the House International Relations Subcommittee on the International Political and Military Affairs on the Mayaguez incident. (See [redacted] Memo for the Record). I told [redacted] that I would take over the action on this item and I subsequently called Les Janka, on the NSC staff, who confirmed the statement made by Oppenheimer to [redacted] that GAO has sent a letter to the NSC on this subject. He also mentioned that contacts have been made with DOD and State Department. He said they are trying to sort this one out and would appreciate it if we could hold up on any substantive response to GAO until he (Janka) can get back in touch with us.

25. [redacted] Accompanied the Director to a meeting of the "Inner Circle" group of Administrative Assistants on Capitol Hill. Some 17 or 18 members of the group were present and the Director engaged in an informal discussion with them for about two hours. The group seemed genuinely appreciative of both the Director's time and forthrightness and commented numerous times on his obvious integrity and determination under the most adverse circumstances.

26. [] Guy McConnell, Senate Appropriations Committee staff, called and asked if the Director would be able to provide a world wrap-up session for the Subcommittee on Intelligence Operations next Wednesday, 30 July, at 10:00 in Room 1223 Dirksen. After checking with the Director's office the time and date were confirmed.

27. [] Received a call from Jack Boos, House Select Committee staff, and we discussed the reconstituted Select Committee. Boos said they want to get going quickly and avoid areas which the ~~Church Select Committee~~ has gone into. He said Chairman Otis G. Pike (D., N.Y.) is known to have a strong interest in budgets and internal working procedures. I told Boos that the Director had called Pike and offered his cooperation. Boos restated Pike's remarks to the Director that he would like to be briefed on the budget and the Director's willingness to oblige once security procedures are established. Boos asked if I thought a Committee staff could be provided with briefings on the Agency budget prior to the Director's formal presentation. I told him that I thought not, that I would recommend against it. I added that I thought the most logical first step was to give the Committee an initial exposure briefing on the budget which could then be followed up by staff meetings. I added, however, that these were matters that really should be taken up with the Review Staff and I gave him [] name as the anticipated point of contact there. In response to my question, Boos said that all former members of the Select Committee staff were being retained by the reconstituted Committee. Boos asked for a copy of the "Guide to CIA Statutes and Law" and arrangements have been made for [] to take a copy to him tomorrow.

28. [] Chuck Snodgrass, House Defense Appropriations Subcommittee staff, called and said the Subcommittee would be having a mark up session tomorrow on the intelligence community budget and he would need all the transcripts of our budget briefings by 8:00 tomorrow morning. I told him I would see to it that they are there. Snodgrass mentioned that since we sweep and monitor the room when the Director briefs the Subcommittee on this material, we might want to monitor when the Subcommittee is discussing this same material. I agreed and told him we would have a monitor there during their entire mark up session.
